

Stanislaus County

Compost Procurement Program

While supplies last, compost customers of Recology Blossom Valley North (“Recology”) desiring to purchase at least twenty (25) tons of compost may request to have the purchase price of compost paid for by Stanislaus County (“County”). To participate in this program, please complete the information below which will be remitted to the County for its approval. Once Recology receives verification that the County has authorized this transaction under the Compost Program, eligible quantities of compost will be provided to the requesting customer at no charge for the compost. **Customers are still responsible for payment of all shipping and handling fees associated with this purchase; the amount covered by the County is limited to the per ton price of qualifying compost only.**
